From the President's Desk

I have been involved with ICI College Australia officially since 1986 as an enrolled student. But, I actually began utilising ICI College material a few years before that for my own enrichment.

I found ICI studies so convenient with my commitment to my local church and holding down a job to support my family. Since becoming a pastor, I have continued to recommend the study programs of ICI College to all those aspiring to grow in their knowledge of God's Word and to better equip themselves for ministry.

When you study with us, you can become a part of the Global University family - a worldwide student of tens of thousands of other students. You are also studying with a College that has some of the highest international accreditation and recognition of any distance theological college in the world. In the Prospectus we introduce you to four levels of training and learning with our College. We invite you to consider these and talk to us about which program of study is right for you.

We welcome your contact and look forward to being able to assist you.

For those looking to undergo training and to deepen their knowledge and understanding of Scripture, and ministry within the church we offer the *Certificate in Christian Service* course.

Berean Certificate (Diploma) Programs hold an American academic standard called 'Adult Continuing Education'. Each subject is considered as worth 1 undergraduate credit. This level is for lay persons wishing to be active in the pulpit ministry of their church.

Tents, Temples and Palaces (Old Testament Survey)

This introduction to the Old Testament deals with the sequence and meaning of the experiences of God's people, paying special attention to God's mighty acts and prophetic words. In this study, the student will discover many Old Testament truths, which will help them in their personal walk with God and understanding of the Bible.

Understanding the Bible (Hermeneutics)

In this course, the student will gain an understanding of the value of skilled procedures of observation and interpretation as aids to understanding the Bible. Its purpose is to help you apply Biblical truth to your own life and share it with others.

THEOLOGY

Cornerstones of Truth (Systematic Theology)

This practical, systematic study of basic Bible doctrines includes a look at the topics of: the nature of God; the acts of God; the activities and limitations of angels; Creation; the fall of man; God's redemptive plan; the origin of the Scriptures; the church; and, God's ultimate plan for mankind.

Counsellor, Teacher, Guide (Pneumatology)

In this study, the Holy Spirit is presented as a personal, powerful, and practical Friend who abides in the Spirit-filled believer, and through him reveals Jesus Christ to the world. This is a practical guide for a student who desires a Spirit-filled life.

THE CHURCH

Christian Church in Ministry (Ecclesiology)

This subject is designed to help the student gain a better understanding of:

- 1) the importance of the church in God's plan for the world;
- 2) the importance of the Christian's role in Christ's plan for the church; and,
- 3) how to become involved in doing God's will through ministry in the church.

Starting New Churches

This practical course stresses the importance of establishing new churches as a means of evangelizing the world. It gives guidelines to help any church become involved in the task of planting churches, thereby becoming a multiplying church.

Helping Christians Grow (Christian Education)

This study gives the biblical basis for the nurturing ministry and the practical application of teaching in the church today. It gives emphasis to the needs of pupils at various ages and to the opportunities for Christian nurturing through the ministry of local church programs, sharing groups, and the Christian home.

SERVICE

Spiritual Gifts

In this course, the student will look at three different types of spiritual gifts: 1) Ministry: including church leadership; 2) Other Ministry Gifts: ministry gifts available to all believers; and, 3) Gifts of the Spirit: the nine gifts of the Spirit available to all believers.

A Study Of Preaching And Teaching (Homiletics)

This course is a basic study of two Biblical methods of communicating God's word. The student is guided in the understanding and mastery of practical ways to prepare and present lessons and sermons from Scripture.

Studies In Personal Evangelism

This practical study is designed to teach the student how to lead people to put their trust in Jesus Christ as their Savior and Lord, as well as helping the student learn how to teach personal evangelism to others. Special emphasis is given to the dynamic ministry of the Holy Spirit and the Word of God in effecting conversions.

CHRISTIAN ETHICS

Solving Life's Problems (Christian Ethics)

This study focuses on the sources of problems, methods of problem solving, and ways of finding solutions, from a Christian perspective. Biblical solutions are given for all problem areas- including that of sexuality, relationships, suffering, and death- which provide a solid foundation for the Christian to find solutions for their problems.

People, Tasks and Goals (Christian Leadership)

This course introduces the student to the theory and practice of leadership, and guides them through the application of both biblical and theoretical principles. The main emphasis of this course is upon development of gifts and capacities, and interpersonal relationships among leaders and followers.

Abundant Living (Christian Character)

This course emphasises the development of Christian qualities and their out workings in the Christian's relationships and services. Biblical definitions and examples are emphasised in describing the nine dimensions of spiritual fruit. Practical applications are made which relate these characteristics to the individual's Christian life.

The more study books I have completed, the more I have realized the time and effort that has gone into the producing of each book. It's the first time that I can remember that I have been actually able to study in depth, with much appreciated feedback. Thank you for teaching and encouraging.

3 Diploma Programs (‘Adult Continued Education’ Level)

The Berean School of the Bible is a program of study at Diploma Level. Programs are divided into Sequences. On conclusion of all Sequences, in either the Ministerial Studies or Bible and Doctrine Studies, the student will receive a Diploma. This is an American Diploma. (It is not an undergraduate level program - you will find undergraduate Diplomas in chapter 5 of this Prospectus). ‘Adult Continued Education’ diplomas are an excellent basis for lay persons wishing to be active in the pulpit ministry of their church. These courses can be done fully online or with printed study guides. Although these are not undergraduate level, Global University offers a transfer of 1 credit per subject completed (with a minimum grade of 80%) into the elective component of our undergraduate programs.

As the student completes each sequence of the Ministerial Studies Program, the student is awarded a Certificate. On completion of the Ministerial Studies program (all the sequences), the student will have mastered basic Bible content (Old and New Testaments), theological principles, and practical ministry skills for service in a church leadership position.

Level One (Sequence 1) equips a student with a working knowledge of Bible study methods, New Testament content, Pentecostal doctrine and basic skills needed to begin serving in a ministerial role in the local church. By completion of Level Two (sequence 2) of the Ministerial Certificate a student will have studied specific Bible content, systematic theology, and ministry skills. Level Three (sequence 3) introduces the more difficult books of the Bible, advanced theological concepts, and administrative skills required for many ministerial roles.

The *Bible and Doctrine Diploma* gives students a basic knowledge of theology and the Bible that will help them in lay ministry roles, sharing the gospel, and in their devotional life.

I am working for a company now 3 days a week and have lunch with various workers. When people find out I am a pastor the conversation invariably turns towards matters concerning God and the Bible and I was able to use what I learned from the gospel of John course I did a couple of years ago to share with a guy who had a couple of questions, so the material does have use even when you are witnessing.

UNDERGRADUATE LEVEL

The ICI College Australia, is one of over 200 worldwide offices of Global University (headquarters, pictured right) that administer GU programs. The undergraduate programs include: Advanced Certificates, Diplomas, Degrees, and Second Degrees. These differ in the number of credits required to complete each program. Each subject is generally either 2 or 3 credits. The

The Advanced Certificates are excellent stepping stones which allow a student to gain a good understanding in a specific field. They mainly make use of 2-credit subjects and can be completed within a range of 6 - 13 subjects. The degree programs are eclectic, encompassing a broader knowledge base and are comprised of about 42 subjects. The same subjects are offered through all the undergraduate programs, which makes subjects fully transferrable into the degree level programs should a student wish to use a smaller program as a stepping stone to the degree program. In this case, it is recommended to request doing a 3 credit subject where possible instead of the prescribed 2-credit subject.

The learning material is presented as an independent study-text and contains all the information you require for a 2-credit subject. Many 3-credit subjects require an additional textbook. The undergraduate learning goals are assessed in a writing project, a Service Learning Requirement (SLR) and an end-of-course examinations. Three credit subjects also require a Collateral Reading Assignment (CRA).

CREDIT HOUR EQUIVALENTS

ICI College does not use standard semesters for enrolment, but each credit is considered 1 semester credit hour. In a traditional semester system, a 3-credit course would require three 1-hour lectures per week for 15 weeks. Full-time study would be equivalent to 15–17 credits per half year semester.

UNDERGRADUATE SUBJECT GUIDELINES & REQUIREMENTS

Methods of Instruction

1. Independent Study: for those who study at home while maintaining their regular routines of ministry, employment, and family responsibilities. ICI courses are specifically designed to meet the needs of independent-study students. An exam supervisor is required to administer the final 100 question multiple-choice online exam.

2. Guided Independent Study: a facilitator meets regularly with the student to guide and encourage their study and administer the final exam.

3. Study groups: Many Bible/Church Study groups using ICI courses take the form of classes with active direction from a leader. A study group ranges from simply being a place where students study together, even doing different courses to a 1 subject teacher/class structure.

DESCRIPTION OF SUBJECT BOOKS

Each course comes in a Subject Folder/book commonly called an *Independent Study Text* (IST). Each subject book is generally divided into several *units*. These units are divided into *lessons* which contain several blocks of information based around a learning objective. The objectives in the lesson are vital to the study process since they form the criteria by which all questions on the unit tests and final exams are written. At the end of each lesson is a self-test. Each lesson should require approximately 10 hours of study. The lesson and unit evaluations are provided for self checking on the material covered in the course.

INTERPRETATION OF COURSE/SUBJECT CODES

The first three letters indicate the academic content area of the subject. (BIB = Bible, THE = Theology, MIN = Ministry etc.)

The first digit indicates the (year) level of the subject indicating the difficulty level.

The second and third digits serve as numerical identifiers.

The final digit indicates the credit value, or amount of work required.

TEXT AND READING ASSIGNMENTS

Each 3-credit course has one of two methods to direct the student to outside reading. A textbook is either directly integrated into the study-text, and an assignment is given in a way that will make it more convenient for them to take advantage of short periods of study time. The other method is utilising the normal 2-credit course material and after the initial coursework is completed, the student is directed to read an outside text and write a report called a collateral reading assignment (CRA). When requesting a course for which a CRA is available, always specify whether you are enrolling in the 2-credit or 3-credit version of the course. Once a 3-credit course enrolment has been processed, a student cannot downgrade to the 2-credit course.

COMPLETING COURSE WORK

Expect to spend an average of 10 hours of study per unit plus at least 10 hours of writing time per assignment and a further time allotment for reading the extra textbook if required. Preparation for exams, research and writing of papers will vary according to the abilities of each student. Each course has a maximum six month enrolment period, however, the time spent to complete a course is determined solely by the student.

WRITTEN ASSIGNMENTS

ICI Australia courses require written projects or research papers. You will be provided with instructions for completing these written assignments. A Form and Style Guide is provided to assist you. You should submit your written assignments before requesting the final examination, since they assist you in your review for the examination.

SERVICE LEARNING REQUIREMENT (SLR)

The SLR is required in all undergraduate courses, except the Biblical Languages courses. They are a spoken address designed to help students develop their ability to apply course principles, thereby developing ministry and practical skills, meeting real-world needs. An SLR report is not graded, but must be submitted.

FINAL EXAMINATION

The final exam is arranged by the student in conjunction with their exam supervisor and ICI College. The final exam is multiple-choice based with no essay questions. It is the student's responsibility to complete the final exam before the course expiration date.

NOTIFICATION OF GRADES

Assignments are generally graded here in Australia, and the final exam is assessed by Global University International office in Springfield, Missouri (pictured). They email the Final Grade Report to our office and we inform the student. This is a permanent record held at the international office and here and is fully transferrable to any other ICI office worldwide.

Grading Scale

Global University and ICI Undergraduate courses are graded according to the following numerical scale:

- 90–100% (Excellent)
- 80–89% (Above average)
- 70–79% (Average)
- 60–69% (Below average)
- 59% or less (Unacceptable)

The minimum passing score for any individual course is 60%. A minimum cumulative grade average of 70% is required to graduate.

PRE AND POST TESTS

Students starting a diploma/degree program must sit a pre-exam. On completion of the program there is a 'cap-stone' assessment. It includes a short audio presentation, written essay, and post-test. The aim of is for Global University self-evaluation on the effectiveness of the teaching material and methods.

IF YOU DO NOT PASS A WRITTEN ASSIGNMENT/ COURSE

Students who score less than 60% on the course project and/or collateral reading assignment (CRA) have the option of resubmitting the assignment. However, a student may resubmit a subject's project or CRA only once.

To qualify to retake your final exam, you must -

- i. Have received a final grade for the course and exam below 70%.
- ii. Complete the retake exam before the course expiration date.

LIBRARY RESOURCES

Global University have an extensive online library and resources that support the programs offered by the College. To assist with research, whilst enrolled in a subject, students receive a subscription to this Online Resource Centre. On this site are over 70 of the world's best publishers on CREDO and over 2,000 full-text Biblical, theological and general academic journals indexed in the Academic Search Elite and ATLA Theological databases. Students can also access a specific selection of academic resources for each undergraduate course and have online chat or personalised service with a Global University librarian (Russ Langford, Director of GU Library pictured below).

4 Advanced Certificates (Undergraduate Level Subjects)

Advanced Certificates are the smallest of the building blocks to higher undergraduate awards, but are really worthwhile studies in themselves. There are 4 Advanced Certificates offered. Each of the Advanced Certificates subjects utilise the degree subjects, worth between 2–3 credit hours each. A Bachelor Degree requires 128 credit hours, but an Advanced Certificate requires 17, or 32 credit hours for the Advanced Certificate in Bible and Theology'. Successful completion of these subjects are transferrable into Bachelor programs.

The Advanced Certificate programme includes subjects in four broad divisions - Bible, Theology, Church Ministry and General Education. Although the subjects can be done in any order, they are listed in the suggested order. The Certificate in Bible and Theology must have the 'Orientation to GU Learning' subject done first.

Since the subjects are undergraduate level, they are directly transferable into a Bachelor program when you complete them. If a student was interested in continuing studies into the Bachelor level, they are recommended to upgrade the courses from the 2 credit to the 3 credit subject. This simply involves adding a prescribed textbook and assignment to the 2-credit subject. The Diploma programs give a thorough foundation of Christian study. For more information about these undergraduate level subjects (presentation of studies and student expectations), please refer the information under the 'Undergraduate Studies' heading from page 19.

The Diploma program includes subjects in four broad divisions - Bible, Theology, Church Ministries and General Education. The Diplomas are presented in both subject divisions and sequence order. The initial subject must be 'Orientation to Global University Learning', then any subjects within the sequence can be done before proceeding to the next sequence.

I will say, I feel like I live through each unit and I grow as a result, not only personally with the Lord but as a minister for the Lord.

So many testimonials from Jesus, I know finally I'm on the right path!

"ICI is one of the most valuable resources available to pastors. I have personally studied with ICI and found their material to be excellent. The flexibility of the correspondence program allowed me to complete an ICI Degree whilst I was pastoring. They have a wide variety of programs and I have used their material in local Bible Colleges, training pastoral interns, and small group studies. I highly recommend ICI College" Pastor Jeremy Griffiths (Marion City Church SA)

6 Bachelor Degrees (Undergraduate Level Subjects)

The Undergraduate programs offered in ICI College are Bachelor of Arts degrees requiring 120 credits. For those who already have an Undergraduate Degree, earning a Second Bachelor of Arts requires only a further 50 credits.

The overarching goals for the degree programs include demonstrating:

- A comprehensive knowledge of the Old and New Testaments.
- A comprehensive knowledge of theological principles that are the foundation of a Pentecostal perspective.
- An application of Biblical and theological principles in local ministry contexts.
- An awareness and appreciation of general education: humanities, maths, communication and computer skills.

The strategies used to assess the achievement of these goals include a Project, Service Learning Requirement (SLR) and an end-of-course examination. Three credit courses also require a Collateral Reading Assignment (CRA). For more information about these, please refer the information under the 'Undergraduate Studies' heading from page 19.

BACHELOR OF ARTS DEGREE
